

**Department of Biotechnology
University of Calicut
Organizes**

**Lecture Series 28 & 29th March
2019**

About the Department: Established in 1994, jointly sponsored by the Department of Biotechnology (under Ministry of Science & Technology, Govt. of India) and the University of Calicut. The department offers M.Sc., M.Phil., and Doctoral level research programmes in the thrust areas of Molecular Cell Biology, Recombinant DNA Technology, Anticancer Agents and Oncobiology, Immunology, Enzymology, Bioprocess Technology, Biowaste Management, Biofuels, Medical, Environmental and Plant Biotechnology.

About the Lectures: The unique highlight of the Programme is to experience various techniques used in Biotechnological Research.

Target Audience: Post Graduate students, researchers and academicians with little or no expertise.

Session:

Mr. Tapas Pradhan. Research Scholar, RGCB, Trivandrum

Topic: Role of STIL in colorectal Cancer Stemcells', for M.Sc. students and Ph.D Scholars in the Department on 28.03.2019

Dr. Rajesh M.K., Principal Scientist, CPCRI

Topic: Genome sequence and its application in Plantation crops' for M.Sc. students and Ph.D Scholars in the Department on 29.03.2019.

Organising Committee:

Prof. Dr.K.K.Elyas

Prof. Dr.P.R.Manish Kumar

Sri. Gopinathan C.

Dr. Smitha V.B.
