

**DEPARTMENT OF BIOTECHNOLOGY
UNIVERSITY OF CALICUT
SABMILLER'S LTD. INDUSTRIAL VISIT REPORT - 2016**

An industrial visit to SABMillers now owned by AB InBev India Ltd., Chalakudy, Thrissur, Kerala, was organized by the Department of Biotechnology for post graduate students of batches 2015-17 and 2016-2017. Thirteen students and a faculty member visited the industry to explore the technology, production activity and management process adopted in the commercialization for beverages. The group was guided by a production manager who provided brief outline of the undergoing operations and quality tests that are being carried out to ensure the finest products reaches the shelves. The experience provided the students with a great opportunity to gain knowledge on various facets involved in production of beverages and drinks and the importance of adhering to sanitary water-quality standards.
